Bart,

ATSDR FAQ on lead. It is lengthy but info can be pulled and incorporated into the EPA community brief. Feel free to cut and paste. ATSDR would be happy to review your draft document and provide comments.

As for TPH,

These documents will help you provide the public health input as well as contact information that the community can request further info. Sylvia Allen-Lewis will be our ATSDR Community Health Educator out of Atlanta. She will be working with me and we work together on this site.
